# Bureau of Land Management Boise Smokejumpers

**ACTION SUMMARY 1998** 

## BLM BOISE SMOKEJUMPERS Action Summary 1998

1998 was an average fire season in the western United States. The BLM Boise Smokejumpers put 488 firefighters on 96 fires in Colorado, Utah, Nevada, California, Montana, New Mexico, Oregon, and Idaho. Most activity occurred in Nevada with 54% (52) of the fires jumped out of Battle Mountain, Elko, Winnemucca, Minden, and Ely. Colorado accounted for 25% of the action with 24 fires, while the other states accounted for a total of 23 fires. The first fire was on April 22 in Montana and the last was in California on September 4.

Four smokejumpers successfully completed initial ram-air parachute training. This included 2 rookies and 2 transfers from the USFS.

The Boise smokejumpers provided personnel to the West Yellowstone Interagency Smokejumper base and received smokejumper support from the Russian exchange program.

1998 showed a significant increase of Boise smokejumper participation in prescribed fire and hazardous fuel reduction projects in the Great Basin. Boise smokejumpers executed prescribed burns for land managers in Idaho, New Mexico Arizona, Montana, Nevada, and Oregon.

#### **Summary Statistics:**

Crew configuration: 65

63 Smokejumpers

Smokejumper Pilot

1 Staff Assistant

Fires attacked: 96

85 Jumped

9 Driven

2 Hiked from previous fire

**Smokejumpers on fire: 488** 

IA effectiveness (time from IA to containment <24 hours):

IA fires 57/60 (95%) Reinforcement fires 4/5 (80%)

Training and experimental jumps: 823
Total jumps: 1,275

Visiting jumpers used in Boise operations: 180 36.88 %

Alaska 96 McCall 39 Russia 27
